§ 101-20.405 Schedules of use.

Nothing in these regulations shall prevent GSA from reserving certain time periods for use of public areas for official Government business; from setting aside certain time periods for maintenance, repair, and construction; or from permitting a previously approved use for official Government business.

§ 101-20.406 Hours of use.

Public areas may be used during or after regular working hours of Federal agencies, provided that such uses will not interfere with Government business. When public areas are used by permittees after normal working hours, all adjacent areas not approved for such use shall be locked, barricaded, or identified by signs, as appropriate, to restrict permittees' activities to approved areas.

§ 101-20.407 Services and costs.

(a) *Costs.* The space to be provided under these regulations is furnished free of charge. Services normally provided at the building in question, such as security, cleaning, heating, ventilation, and air-conditioning, shall also be provided free of charge by GSA. The applicant shall be requested to reimburse GSA for services over and above those normally provided. If the applicant desires to provide services, such as security and cleaning, this request must be approved by the GSA Regional Officer. GSA may provide the services free of charge if the cost is insignificant and if it is in the public's interest.

(b) *Alterations.* Permittees shall make no alterations to public areas except with prior approval of GSA. Such approval shall not be given unless GSA determines that changes in a building should be made to encourage and aid in the proposed use. Permittees making alterations must make provisions to ensure the safety of users and the prevention of damage to property.

(c) Permittees are responsible for furnishing items such as tickets, audiovisual equipment, etc., which are necessary for the proposed use.
